Westrock Coffee Company Reports Second Quarter 2026 Results and Reaffirms 2026 Outlook

LITTLE ROCK, Ark., August 6, 2026 (GLOBE NEWSWIRE) – Westrock Coffee Company (Nasdaq: WEST) (“Westrock Coffee” or the “Company”) today reported financial results for the second quarter ended June 30, 2026.

 - Net loss was \$13.7 million, compared to a net loss of \$21.6 million in the prior year period
 - Consolidated Adjusted EBITDA² was \$21.3 million, up 38.9% compared to Consolidated Adjusted EBITDA of \$15.3 million in the prior year period
 - Capital expenditures of \$6.5 million, down from \$20.5 million in the second quarter of 2025, continuing the structural shift in the Company’s capital intensity
- Segment Results
 - Beverage Solutions
 - Net sales were \$243.9 million, an increase of 16.8%

 - Segment Adjusted EBITDA³ was \$2.0 million compared to \$3.3 million for the prior year period

Commenting on our results, Scott T. Ford, CEO and Co-founder stated, "The second quarter was another strong quarter for Westrock Coffee. It was the fifth consecutive quarter of year-over-year Consolidated Adjusted EBITDA growth, and we turned free cash flow positive ahead of our anticipated schedule. With a robust customer and sales pipeline, de-leveraged balance sheet, and a platform that no longer requires capital but is generating cash, our momentum continues to build."

Financial Outlook

The Company is reaffirming its 2026 guidance for Consolidated Adjusted EBITDA of \$90.0 million to \$100.0 million, which was provided in its earnings release dated March 10, 2026.

¹ Unless otherwise indicated, all comparisons are to the prior year period.

² Consolidated Adjusted EBITDA is a non-GAAP financial measure. The definition of Consolidated Adjusted EBITDA is included under the section titled “Non-GAAP Financial Measures” and a reconciliation of Consolidated Adjusted EBITDA to the most directly comparable GAAP measure is provided in the tables that accompany this release.

³ Segment Adjusted EBITDA is a segment performance measure, which is required by U.S. GAAP to be disclosed in accordance with FASB Accounting Standards Codification 280, *Segment Reporting*. Segment Adjusted EBITDA is defined consistently with Consolidated Adjusted EBITDA, except that it excludes scale-up costs related to our Conway Facility.

¹ – Consists primarily of pro forma run-rate impact of cost savings initiatives, as permitted by the Credit Agreement.

The Company is required to maintain compliance with, among other things, a secured net leverage ratio under the terms of its credit agreement (the “Credit Agreement”) among the Company, Westrock Beverage Solutions, LLC, as the borrower, Wells Fargo Bank, N.A., as administrative agent, collateral agent, and swingline lender, Wells Fargo Securities, LLC, as sustainability structuring agent, and each issuing bank and lender party thereto. The secured net leverage ratio is calculated as secured net debt divided by Adjusted EBITDA for the trailing twelve-month period, each as defined in the Credit Agreement, and is applicable only to our Beverage Solutions segment.

Management believes that our secured net leverage ratio provides useful information to investors and other users of our financial data regarding the Company’s compliance with its material financial covenants. Failure to comply with the covenants in the Credit Agreement or make payments when due could result in an event of default, which, if not cured or waived, could accelerate our repayment obligations under the Credit Agreement and could result in a default and acceleration under other agreements containing cross-default provisions. Under these circumstances, we might not have sufficient funds or other resources to satisfy all of our obligations. As of the date of this press release, the Company is in compliance with its financial covenants.

Non-GAAP Financial Measures

We refer to EBITDA and Consolidated Adjusted EBITDA in our analysis of our results of operations, which are not required by, or presented in accordance with, accounting principles generally accepted in the United States (“GAAP”). While we believe that net (loss) income, as defined by GAAP, is the most appropriate earnings measure, we also believe that EBITDA and Consolidated Adjusted EBITDA are important non-GAAP supplemental measures of operating performance as they contribute to a meaningful evaluation of the Company’s future operating performance and comparisons to the Company’s past operating performance. The Company believes that providing these non-GAAP financial measures helps investors evaluate the Company’s operating performance, profitability and business trends in a way that is consistent with how management evaluates such performance.

We define “EBITDA” as net (loss) income, as defined by GAAP, before interest expense, provision for income taxes and depreciation and amortization. We define “Consolidated Adjusted EBITDA” as EBITDA before equity-based compensation expense and the impact, which may be recurring in nature, of transaction, restructuring and integration related costs, impairment charges, non-cash mark-to-market adjustments, certain non-capitalizable costs necessary to place the Conway facility into commercial production, the write off of unamortized deferred financing costs, costs incurred as a result of the early repayment of debt, gains or losses on dispositions, and other similar or infrequent items (although we may not have had such charges in the periods presented). We believe EBITDA and Consolidated Adjusted EBITDA are important supplemental measures to net (loss) income because they provide additional information to evaluate our operating performance on an unleveraged basis.

Since EBITDA and Consolidated Adjusted EBITDA are not measures calculated in accordance with GAAP, they should be viewed in addition to, and not be considered as alternatives for, net (loss) income determined in accordance with GAAP. Further, our computations of EBITDA and Consolidated Adjusted EBITDA may not be comparable to that reported by other companies that define EBITDA and Consolidated Adjusted EBITDA differently than we do.
