Westrock Coffee Company Reports Second Quarter 2023 Results and Announces Closing of \$118.8 Million Equity Investment to Support Long-Term Growth

Little Rock, Ark. (August 9, 2023) – Westrock Coffee Company (Nasdaq: WEST) (“Westrock Coffee” or the “Company”) today reported financial results for the second quarter ended June 30, 2023 and announced the closing of the upsized \$118.8 million common stock equity raise originally disclosed on June 30, 2023 and July 18, 2023.

Scott T. Ford, CEO and Co-founder stated, “We are pleased to announce today our second quarter financial results and the closing of our \$118.8 million equity raise, which provides us with the capital necessary to fully fund the expanded opportunities we were seeing for our Conway extract and RTD facility. We currently have customer commitments for 100% of the capacity available in our originally planned for high-speed can and glass bottle lines, and we are well on our way to contracting the expanded capacity we announced in late June. I could not be more excited about where we sit in both our customer and competitive landscape or of the team that has worked tirelessly to put us in this position.”

Second Quarter Highlights

- Consolidated net sales were \$224.7 million for the second quarter of 2023, an increase of \$1.3 million, or 0.6%, compared to the second quarter of 2022.
- Consolidated gross profit for the second quarter of 2023 was \$35.7 million and included \$1.0 million of non-cash mark-to-market gains, compared to consolidated gross profit of \$38.9 million for the second quarter of 2022, which included \$1.4 million of non-cash mark-to-market losses.
- Net loss for the period was \$26.8 million, compared to a net loss of \$5.8 million for the second quarter of 2022. The \$26.8 million net loss for the second quarter of 2023 included \$2.9 million of acquisition, restructuring and integration expense and \$11.8 million of non-cash expense from the change in fair value of warrant liabilities. Net loss of \$5.8 million for the second quarter of 2022 included \$2.3 million of acquisition, restructuring and integration expense.
- Adjusted EBITDA was \$11.3 million for the second quarter of 2023, a decrease of \$2.0 million, compared to the second quarter of 2022.
- Beverage Solutions segment contributed \$189.7 million of net sales and \$11.7 million of Adjusted EBITDA for the second quarter of 2023, compared to \$170.9 million and \$12.5 million, respectively, for the second quarter of 2022.
- SS&T segment, net of intersegment revenues, contributed \$35.0 million of net sales and Adjusted EBITDA of (\$0.4 million) for the second quarter of 2023, compared to \$52.5 million and \$0.8 million, respectively, for the second quarter of 2022.

PIPE Investments

On August 3, 2023, the Company closed on the previously announced sale of 10.0 million shares of common stock, par value \$0.01 per share (“Common Shares”), to HF Direct Investments Pool, LLC (an affiliate of HF Capital, LLC), the Herbert Hunt family and the Arkansas Teacher Retirement System, for aggregate gross proceeds of \$100.0 million. In addition, on August 7, 2023, the Company sold approximately 1.9 million Common Shares, at a share price of \$10.00 per share (the “BBH Investment”), to affiliates of Brown Brothers Harriman & Co. (the “BBH Stockholders”) in connection with the previously announced exercise of the BBH Stockholders’ preemptive rights under the terms of that certain Investor Rights Agreement dated April 4, 2022, which was amended and restated effective on August 3, 2023, in connection with the closing of the investment by HF Direct Investments Pool, LLC. Aggregate gross proceeds to the Company from the BBH Investment were approximately \$18.8 million.

2023 Outlook

The Company is reaffirming its guidance provided on June 30, 2023 for 2023 consolidated Adjusted EBITDA to grow flat to 10% over 2022.

The Company is not readily able to provide a reconciliation of forecasted Adjusted EBITDA to forecasted GAAP net income without unreasonable effort because certain items that impact such figure are uncertain or outside the Company's control and cannot be reasonably predicted. Such items include the impacts of non-cash gains or losses resulting from mark-to-market adjustments of derivatives and the change in fair value of warrant liabilities, among others.

Non-GAAP Financial Measures

We refer to EBITDA and Adjusted EBITDA in our analysis of our results of operations, which are not required by, or presented in accordance with, accounting principles generally accepted in the United States (“GAAP”). While we believe that net (loss) income, as defined by GAAP, is the most appropriate earnings measure, we also believe that EBITDA and Adjusted EBITDA are important non-GAAP supplemental measures of operating performance as they contribute to a meaningful evaluation of the Company’s future operating performance and comparisons to the Company’s past operating performance. Additionally, we use these non-GAAP financial measures in evaluating the performance of our segments, to make operational and financial decisions and in our budgeting and planning process. The Company believes that providing these non-GAAP financial measures to investors helps investors evaluate the Company’s operating performance, profitability and business trends in a way that is consistent with how management evaluates such performance.

We define “EBITDA” as net (loss) income, as defined by GAAP, before interest expense, provision for income taxes and depreciation and amortization. We define “Adjusted EBITDA” as EBITDA before equity-based compensation expense and the impact, which may be recurring in nature, of acquisition, restructuring and integration related costs, including management services and consulting agreements entered into in connection with the acquisition of S&D Coffee, Inc., impairment charges, changes in the fair value of warrant liabilities, non-cash mark-to-market adjustments, certain costs specifically excluded from the calculation of EBITDA under our material debt agreements, such as facility start-up costs, the write off of unamortized deferred financing costs, costs incurred as a result of the early repayment of debt, gains or losses on dispositions, and other similar or infrequent items (although we may not have had such charges in the periods presented). We believe EBITDA and Adjusted EBITDA are important supplemental measures to net (loss) income because they provide additional information to evaluate our operating performance on an unleveraged basis. In addition, Adjusted EBITDA is calculated similar to defined terms in our material debt agreements used to determine compliance with specific financial covenants.

Since EBITDA and Adjusted EBITDA are not measures calculated in accordance with GAAP, they should be viewed in addition to, and not be considered as alternatives for, net (loss) income determined in accordance with GAAP. Further, our computations of EBITDA and Adjusted EBITDA may not be comparable to that reported by other companies that define EBITDA and Adjusted EBITDA differently than we do.
